“I hit the rooftop pool
every day... being home is like a
fabulous vacation.”

Every aspect of this 31-story luxury glass tower has been carefully designed to cater to your modern lifestyle. With a spectacular backdrop of the Manhattan skyline, inspiring exteriors by Arquitectonica, and dramatic common spaces by The Rockwell Group, EastCoast creates an environment of pure luxury.

“The **health club** in the building
rivals any gym. I can squeeze in
30 reps before work.”

Not many rentals can boast a professionally managed rooftop health club and spa. This state-of-the-art facility includes a sky-lit glass enclosed heated pool, 4,000 square foot fitness center with saunas, steam rooms, dressing rooms and showers. Staying in shape won't require too much motivation with a club this great so close to home.

“Incredible... My friends love to visit because there’s so much to do here. The trip is only **1 stop** from **Grand Central** and there’s always plenty of parking in the garage.”

Outside... Relax in a lounge chair and enjoy the views, grill your favorite food on the barbeque, or join in a game of bocce ball on the 35,000 square foot roof deck.

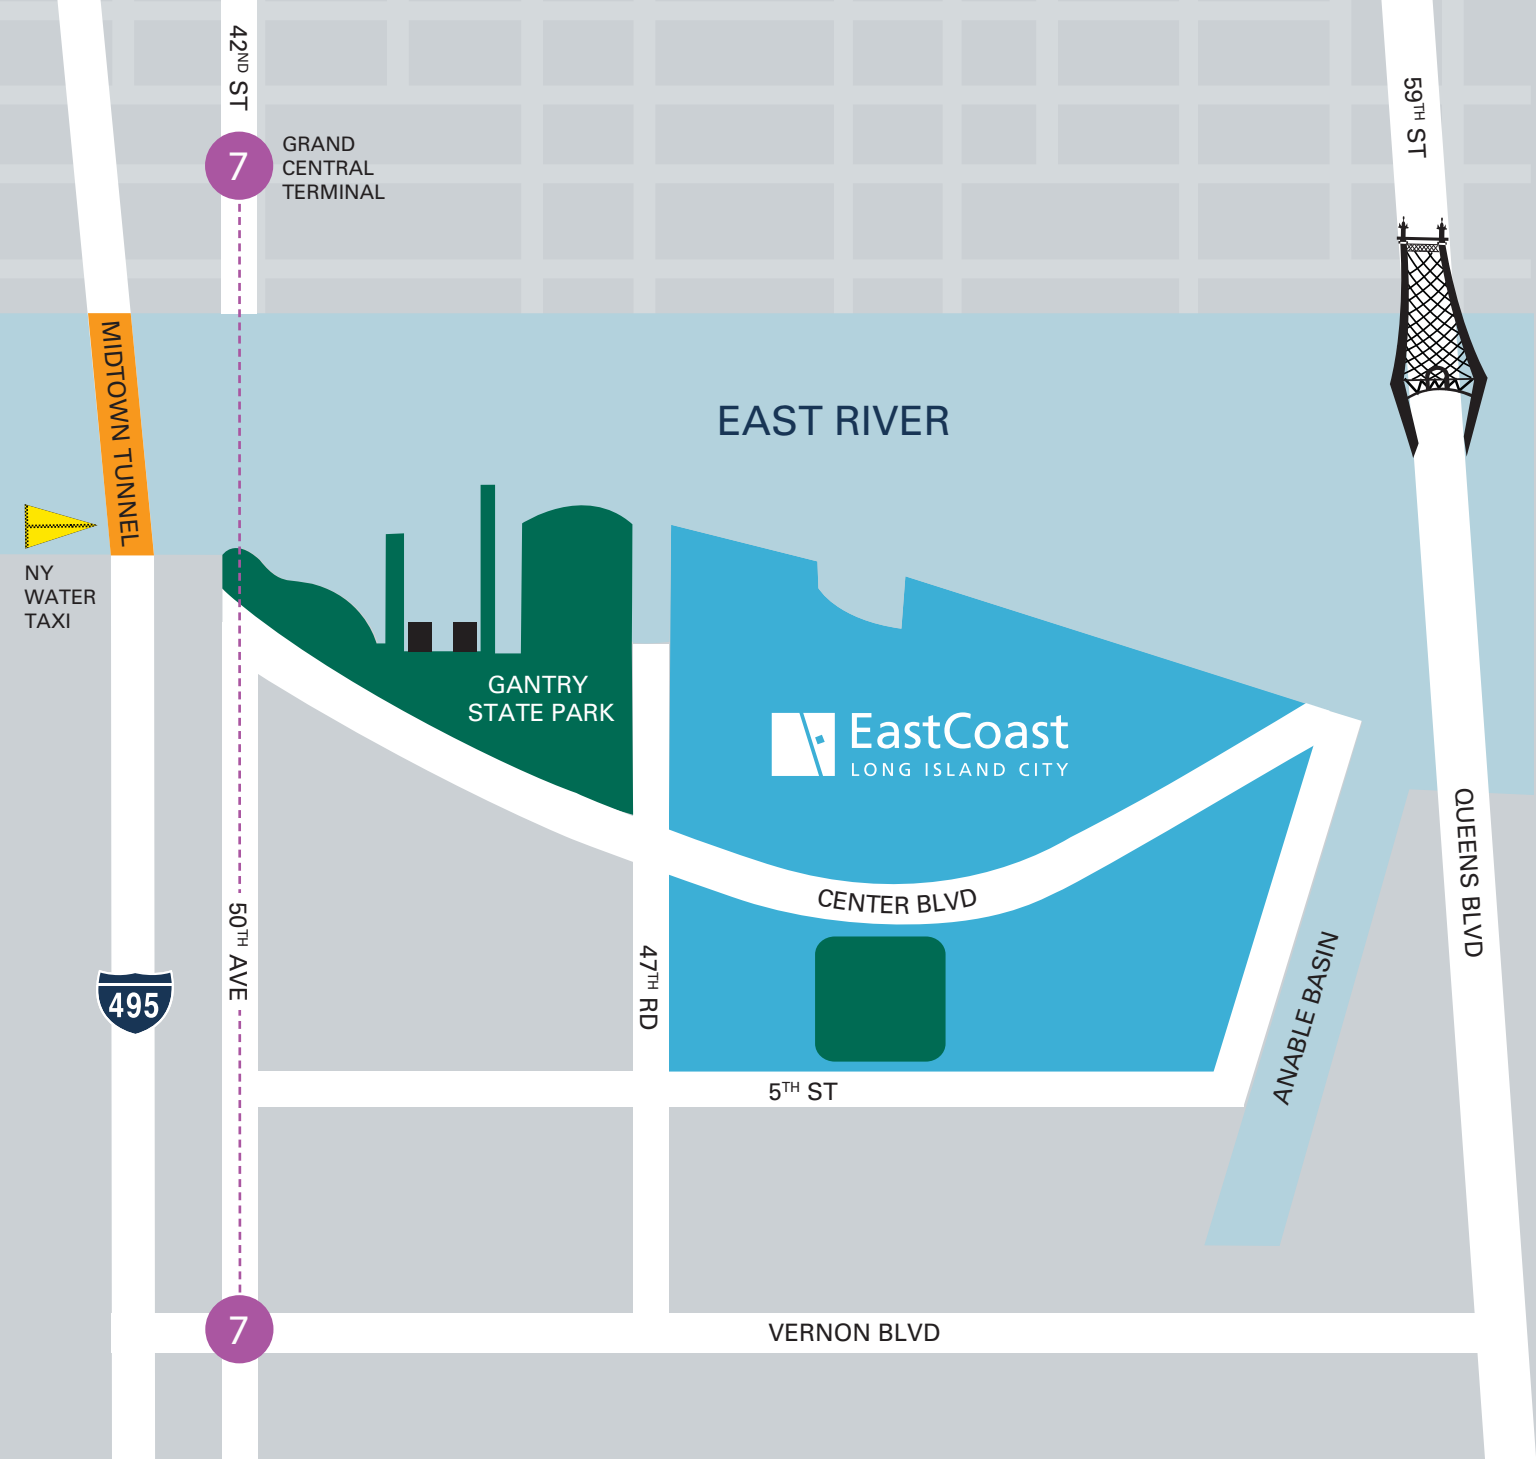

Inside... Socialize with friends and neighbors in the lounge, watch the big game on the wide screen TV, play cards with your pals in the game room, view a DVD in the screening room... there’s even a children’s playroom to have fun with the kids.

The choice is yours.

“I’m always **entertaining**. My
granite countertops and stainless steel
kitchen appliances are **gorgeous**
and clean up is a **breeze.**”

Each residence has been carefully designed to maximize space and light with floor to ceiling windows and modern features. Residents of EastCoast will enjoy designer kitchens and bathrooms with high quality fixtures, custom cabinetry and rich, stone countertops. Some units even have private balconies, walk-in closets and extra high ceilings. Washer/dryers are in all two bedroom units.
